January 2013

FROM THE EXECUTIVE DIRECTOR

Is there a better way to ring in a New Year than to announce new beginnings, (Actually, my “new beginnings” news is not so much new news as it is bringing everyone up to speed on our progress with the new building). We are closer than ever to the construction being completed. As many people can see, since our last official report, the curbs and base coat of asphalt has been completed, as well as the concrete sidewalks and walkways in the inner courtyard. Painting in the resident rooms has begun in earnest, with the installation of bathroom countertops and bathroom cabinets. The flooring has arrived and will be installed shortly. All-in-all, things are really taking shape and the building looks splendid!

Christine and Dulcie have been meeting with residents and their families to select rooms. This is pretty much complete and what we’re hearing from residents is very exciting. People are happy to have the choice to select their own rooms and, which we have been glad to be able to offer.

Of all the questions we’re asked most often, it’s, “When will people be moving in?” There will be a period of several weeks after the construction is completed in which air quality will be tested, furniture moved in, and the Ministry of Health coming in to determine the buildings’ fitness to allow residents to move in. At this point, it is very difficult to provide an exact date of when people can move in. However, when that date is known, we will be sure to communicate this to you.

Again, thank you all for your ongoing support of this project. You’re a fantastic fan club and we all look forward to celebrating the opening in the New Year.

CHRISTMAS BANQUET

Around the table is always the place where my favorite family moments and conversations happen. That is why I always love our special banquets - a time for friends and family to come together to celebrate the Christmas season, but also to

bring us all closer together and to provide us with loving memories that will keep us warm through the warm winter months. I hope that everyone who attended enjoyed the lovely meal and specially decorated rooms as much as I did!

100 YEARS OF BLESSINGS

Turning 100 years old is a very special event - and in December 2012 we had the joy of celebrating two of these milestones at Tabor Manor. Both residents practice a strong faith and are thankful to still be able to walk independently, visit with family and enjoy God’s daily blessings.

Start the New Year Off Right!

There is something uniquely good about January 1. It marks a new year, a new beginning, a new possibility. For me, de-cluttering my life is always the first step to starting the new year off in a positive way!

Remember that soon we will be moving to our new home and we are encouraging all residents to de-clutter as much as possible before we move!
