ONE YEAR AGO...

One year ago we wrote in the September newsletter about the power of team work and we celebrated moving in to our new home.

Little did we know that all of the challenging work was ahead of us!

We have now celebrated our first anniversary! There has certainly been a lot to

learn about how things work (and which things don't!). Thank-you so much to residents, family and staff for their patience and improvement suggestions! Tabor Manor is committed to excellence and quality and we continue to work to improve the care provided for our seniors. ~Megan

*“By all these lovely tokens September days are here,
With Summer’s best of weather, and Autumn’s best of cheer.”*

MONTESSORI UPDATES

August has been a very exciting month for The Montessori Way here at Tabor Manor! We have been reaching out for some supplies from family via email and many of you have been able to help us, in even more ways than expected! We are touched by the generosity of resources, time and talent!

We were also very excited to welcome Gail Elliot, founder of Dementiability and our Montessori teacher, to our home for a tour in August. She had heard some good reports about the work we have been doing here and requested that she come visit, with an international guest. It felt great to have the opportunity to share our successes and to hear positive feedback about our progress!

Please stay tuned this fall as we continue to look for innovative ways to provide care in the Montessori Way!

If you have an idea, or feel compelled to give a gift, please refer to our Montessori tree outside the Great Room or speak to Megan at any time!
