## TABOR MANOR

Tabor Manor is a private, not-for-profit, charitable provider of accommodation and services for seniors. Our mission is to serve with excellence, love and dignity.

The provision of Wellness Suites is an exciting new option we are making available to seniors who are not able to live in their current residence, and who need just a few added supports in order to live independently, longer.

Wellness Suites are semi-independent living apartments with care and support provided by trained Personal Support Workers. People who require care are assessed by Tabor Manor’s Supportive Housing staff and are provided a level of support that meets individual needs. The range of support includes bathing, lifting, transferring, medication reminders, light housekeeping and laundry, 24 hour safety checks and Falls Prevention and Exercise Classes. There is no fee for the above services.

Additionally, Wellness Suite tenants are provided three nutritious meals per day in our inviting cafeteria, and they have access to a 24 hour emergency call bell system, should the need arise. These services are included in the monthly fee.
